

Lumicrest LED strip lights bring energy savings, accurate clear light, and long life reliability.

Perfect for when you need a high-output, high quality linear light in a small space. Slim and discreet, yet with high brightness and smooth illumination at 1,350 lumens and 1040 LEDs per meter. And of course, with High CRI of 95+, it delivers the excellent light quality that Lumicrest is known for.

Get the Lumicrest Advantages

Clients who have compared our Lumicrest Flexible Strip Lighting to those of our competitors choose Lumicrest because of the quality of our products.

We use the highest quality LEDs available for LED strip products, for long life, and high lumen maintenance. This strip comes with 5200 bright LEDs in a standard 5 meter roll (16.4 feet) and can be cut to length, as marked on the strip in 45 mm/1 and 3/4 inch increments.

Item	Dimensions (mm)	LED Type	Dimmable	Colour Temperature	CRI
832-fsi-clw	Width: 8mm (5/16 inch)	COB	Yes	2200K Warm White 2700K Warm White 3000K Clean White 3500K Natural Soft Light 4000K Natural White 6000K Cool White	90+

Voltage Input	Power use	Lumens per Meter	Power Type
24V DC	14 watts	1350 lm/m (412 lm/ foot)	Constant Voltage
