

Lumicrest FREECUT High CRI Dotless Strip Lights are ideal for the ultimate in convenience and energy savings, with accurate, clear light, and long life reliability.

FREECUT's standout feature is its ability to be cut at ANY point, making it ideal for tight spots and a perfect fit for precise lengths. Great for when you need a high-quality linear light in a small space.

Slim and discreet, with smooth illumination, up to 600 lumens per meter, 480 LEDs per meter and a high CRI of 90+, this light strip delivers the excellent light quality Lumicrest is known for. The lighting is perfectly uniform in any Aluminum Channel with a diffuser (or even without!).

- for indoor use only
- non-waterproof version (waterproof sleeve sold separately)
- cuttable at ANY point

Available in three colour temperatures: 2700K, 3000K and 4000K, perfect for most common LED strip lighting applications.

**Get the Lumicrest Advantages**

We use the highest quality LEDs available for long life and high lumen maintenance. This strip comes with 2640 bright LEDs on a standard 5-meter (16.4 feet) roll.

This strip has a quality 3M self-adhesive backing – just cut it to the length you want, then peel and stick it to any smooth surface!

- CRI is 90 or greater
- Width: 8 mm (5/16 inch) wide

**Requires a 24 volt power supply (sold separately).**

**10 watts/meter | 3.1 watts/foot**

Item SKU	CCT	CRI	Lumens	Power Consumption	LED Density
