

Kill airborne viruses, germs, odour and mold with the power of light. Stay clean, stay safe.

Perfect for offices, retail stores, nursing homes, hospital rooms, classrooms, bedrooms, bathrooms, living rooms, dining rooms, hair salons, barbershops, doctor and dental offices, health practitioners, restaurants, bars and more!

Just plug this discreet unit into any AC outlet in the room and let it run. No need for occupants to leave the room, it safely cleans the air in the background.

This unit is designed to disinfect the air and remove odours in about 100 square feet of space. For larger or heavily occupied spaces simply use additional units.

UltraViolet-C (UVC) light is a proven technology that has been used for disinfecting, killing germs, bacteria, viruses and mold in hospitals for many years.

Now it's available for you to use anywhere and anytime you like. It employs a special type of quartz mercury UVC lamp that lasts 5,000 hours. Replacement bulbs are available.

Quiet and discreet operation

Dimensions:
Height: 18 cm. (7 inches)
Diameter: 6.3 cm. (2.5 inches)

Independent Laboratory Test Report Summary:

Pathogen	Test chamber	Test time	Elimination Rate
Staphylococcus Albus	3M ³	60 min.	93%
Salmonella Typhimurium	3M ³	60 min.	88%
Pseudomonas Aeruginosa	3M ³	60 min.	92%
E.Coli	3M ³	60 min.	82%
H1N1	10M ³	60 min.	68%

Model	Dimensions (LxWxD)	Light Type
986-air	Body: 193mm x 30mm x 40mm	UV-C Emitting Quartz Mercury Bulb
Voltage Input	Power Use	Bulb Type
120 V AC	4 watt	Quartz-Mercury
